

# Evolve 952/1252

## ordering guide

### Evolve 952

### Evolve 1252

1. Select <b>gas type</b> (engine)			
	Evolve engine <b>NG</b>	RHFE952N	RHFE1252N
	Evolve engine <b>LPG</b>	RHFE952L	RHFE1252L
Supplied with the engine is the remote control with batteries, screw pack, cable tie, frame mounting screws, granule packs 952 (x2), 1252 (x3), and gas connection.			
2. Select <b>frame</b> option			
 	Black frame Stainless steel on black	R2704 R2705	R2706 R2707
3. Select <b>burn</b> media			
	River stones	R2780	R2782
	Oak log set	R2781	R2783
Burn media sets cannot be interchanged between the 952 and 1252. The 1252 log set has an extra two logs and the stone set contains an extra ten stones.			
4. Select <b>flue</b> components			
	Direct flue kit	ASPDFK	ASPDFK
	Evolve adaption flue kit	EVOKIT03	EVOKIT03
	Vertical terminal (roof cowl)	ESROOFCOWL	ESROOFCOWL
	Flue pipe 900 mm	ESPIPE900	ESPIPE900
	Wall terminal kit	ESWTERM	ESWTERM
	45° flue bends (two in a kit)	ESBEND	ESBEND
	Wall plate	ESPLATE	ESPLATE
	Steel flue guard	R1370	R1370
	Condensate trap	ESCONDK	ESCONDK
The condensate trap is included with the EVOKIT03. It only needs to be ordered separately if doing through-wall vertical flueing (not common).			
5. Select <b>optional</b> accessories			
	Black mesh guard	R2778	R2788
	1252 black reflector panel kit	-	R2787
Ideally the mesh guard and/or reflector panel kit should be purchased at the same time as the Evolve unit as a gasfitter is required to do the installation.
